

# U.S. Products Not Containing Gluten and Milk Ingredients

Gluten is a type of protein found in wheat, rye and barley. Some people suffer from an allergy or intolerance to foods containing gluten. Milk is among the top eight foods that account for 90% of allergic reactions to food.

For those who have an allergy to gluten and milk, the Frito-Lay products included here **do not** contain gluten or milk ingredients.

Please note: The information provided pertains only to products distributed in the U.S. Products sold in other countries under similar brands may be made using slightly different recipes and ingredients to accommodate local needs and preferences.
